

**Nicholas S. Thaler, Ph.D. ABPP-CN, Q.M.E.**  
**Curriculum Vitae**

**CURRENT POSITIONS**

10/15 – present      Assistant Clinical Professor (voluntary), UCLA Semel Institute for  
Neuroscience & Human Behavior

10/15 – present      Private Practice Associate: Neuroscience Associates Incorporated

**E-mail:**            [nick.thaler@gmail.com](mailto:nick.thaler@gmail.com)

**Languages Spoken:** English, Japanese (conversational)

**Board Certification:** Clinical Neuropsychology (ABPP-CN)

**Other Certification:** Qualified Medical Examiner (2021-present)

**MEMBERSHIPS**

2019 – present: Asian Neuropsychological Association (President, 2021-2023)

2018 – present: American Academy of Clinical Neuropsychology

2013 – present: International Neuropsychological Society

2010 – present: American Psychological Association (#9643-9535)

2010 – 2015: National Academy of Neuropsychology (#8673)

**EDUCATION & TRAINING**

**Undergraduate:**

9/00 – 6/04            University of California, San Diego    B.S.            Psychology  
La Jolla, CA

**Graduate:**

9/06 – 06/08            CSU Northridge                            M.A.            Clinical Psychology  
Northridge, CA

Thesis: Can a structured vignette test serve as an accurate assessment of  
depression? An empirical pilot study

Advisor: Gary Katz, Ph.D.

08/08 – 06/10 University of Nevada, Las Vegas M.A. Clinical Psychology:  
Las Vegas, NV Neuropsychology Track  
(APA Accredited)

Thesis: Cluster analysis of the TOMAL standardization sample.

Advisor: Daniel N. Allen, Ph.D.

06/10 – 06/13 University of Nevada, Las Vegas Ph.D. Clinical Psychology:  
Las Vegas, NV Neuropsychology Track  
(APA Accredited)

Dissertation: Social cognitive deficits in bipolar disorder with and without  
psychotic features.

Advisor: Daniel N. Allen, Ph.D.

07/12 – 06/13 OU Health Sciences Center Internship Clinical Psychology:  
The University of Oklahoma Neuropsychology Track  
Oklahoma City, OK (APA Accredited)

Supervisors: Russell L. Adams, Ph.D., James G. Scott, Ph.D.

**Postgraduate:**

08/13 – 07/15 Semel Institute for Neuroscience Fellowship Neuropsychology  
and Human Behavior HIV Research Track  
University of California, Los Angeles T32 MH19535  
Los Angeles, CA

VA West Los Angeles  
Los Angeles, CA

Advisor: Charles H. Hinkin, Ph.D.

**GRANTS & AWARDS**

1. The Center for AIDS Research (CFAR) Seed Grant: 2015-2017 (\$5000)
2. Advanced Psychometrics Methods Workshop – Friday Harbor: 2014 (full reimbursement for travel/lodging costs).
3. Friends of the UCLA Semel Institute Travel Grant: 2014 (\$850).
4. National Academy of Neuropsychology Tony Wong Diversity Award: 2013 (\$600).
5. Theodore Blau Student Poster Award (1<sup>st</sup> place), American College of Professional Neuropsychology: Spring 2012 (\$750).

6. University of Nevada, Las Vegas President's Graduate Fellowship: Fall 2011 – Spring 2012 (\$25,000 including full tuition remission).
7. Nevada Regents' Scholar Award: Fall 2011 (\$5,000).
8. University of Nevada, Las Vegas Graduate and Professional Student Association Research Funding: Fall 2011 (\$350).
9. American Psychological Association Student Travel Award: Summer 2011 (\$300).
10. University of Nevada, Las Vegas Graduate and Professional Student Association Research Funding: Summer 2011 (\$350).
11. Dean's Graduate Student Stipend Award: Spring 2011 (\$2,000).
12. Student Poster Award (2<sup>nd</sup> place), Nevada State Psychological Association, 2011 Annual Conference: Spring 2011 (\$100).
13. University of Nevada, Las Vegas Graduate and Professional Student Association Research Funding: Spring 2011 (\$380).
14. Strategic Plan Graduate Research Assistant Award: Fall 2010 – Spring 2011 (\$12,000).
15. California State University Northridge Quantitative Research Award: Spring 2008.

## **RESEARCH**

Psychological Assessment, Child Neuropsychology, Psychiatry Research, Applied Neuropsychology, Bipolar Disorders, Schizophrenia Research, Journal of the International Neuropsychological Society, Archives of Clinical Neuropsychology, Developmental Psychology, Journal of Attention Disorders, Behavior Modification, PloS One, International Journal of Developmental Neuroscience, Journal of Family Violence, Journal of Child & Adolescent Substance Abuse, Psychiatry & Clinical Neurosciences

## **PREDOCTORAL CLINICAL TRAINING**

**OU Health Sciences Center**  
Oklahoma City, OK

July 2012 – June 2013  
Supervisor: Russell L. Adams, Ph.D.

Predoctoral Intern: All interns must select three major rotations and three minor rotations. As an intern on the neuropsychology track, all three major rotations were in the Neuropsychological Assessment Laboratory, as detailed below. Additional responsibilities outside of rotations include individual psychotherapy with patients and weekly didactic seminars in psychotherapy and assessment. Therapy supervision was conducted with Dr. Adams on a weekly basis with case discussion and videotaped review.

**Neuropsychological Assessment Laboratory**

Oklahoma City, OK

July 2012 – June 2013  
Supervisors: Russell L. Adams, Ph.D., James G. Scott, Ph.D.

Major Rotation: Conducted neuropsychological assessments across the lifespan. Majority of referrals came from neurologists, neurosurgeons, psychiatrists, attorneys, judges, workers compensation court, and IMEs. Responsibilities include assessment, scoring, interpretation, clinical interviewing, feedback, and report writing. Two cases are seen each week with regular supervision under Dr. Adams and Dr. Scott. Cases present with a variety of neurological and psychiatric disorders including dementia, pseudodementia, head injury, epilepsy, intracranial neoplasm, ADHD, learning disabilities, schizophrenia, bipolar disorder, somatization disorder, among others. Interns also attended neurology and neurosurgery rounds and weekly neurology and neuropsychology case conferences.

**Pediatric Hematology/Oncology Service**

Oklahoma City, OK

March 2013 – June 2013  
Supervisor: Sunnye Mayes, Ph.D.

Minor Rotation: Setting included inpatient and outpatient services at the OU Children's Hospital at the Hemophilia, Brain Tumor, and Taking on Life After Cancer (TLC) clinics. Responsibilities included assessing academic, behavioral, and emotional functioning of children and adolescents presenting with health concerns due to hemophilia or cancer. Additional duties included referring patients out to appropriate services including neuropsychological assessment, and providing feedback on reports. Multidisciplinary team included hematology/oncology, neurosurgery, endocrinology, neurology, nursing, and psychology staff.

**Neuropsychology Services – Veteran’s Administration** November 2012 – February 2013  
Oklahoma City, OK Supervisor: John Linck, Ph.D.

Minor Rotation: Rotation consisted of weekly neuropsychological evaluations at the Oklahoma VA with requests coming from OEF/OIF polytrauma clinic, neuro-rehabilitation, medicine, inpatient psychiatry, and neurosurgery. Populations included elderly patients suspected of having dementia, and younger patients who have sustained injuries to the CNS. Additional responsibilities included treatment recommendations and brief interventions conducted during feedback sessions, as well as research projects using the Oklahoma VA database.

**Child Community Mental Health** July 2012 – October 2012  
Oklahoma City, OK Supervisor: Sandra F. Allen, Ph.D.

Minor Rotation: Conducted individual therapy with children presenting with emotional and behavioral issues. Referral sources include physicians, school teachers, counselors, administrators, and parents. Responsibilities also included a weekly multidisciplinary diagnostic intake clinic, outside preventative health interventions at school settings, and consultation/liason service at the OU Children’s Hospital. Supervision consisted of weekly meetings with Dr. Allen.

**Center for Applied Neuroscience** June 2011-May 2012  
Las Vegas, NV Supervisor: Thomas F. Kinsora, Ph.D.

Doctoral Practicum Student: Conducted neuropsychological assessments with children, adolescents, adults, and elderly adults in an outpatient setting using a flexible neuropsychology battery. Cases were typically psychiatric and medical cases with referral sources generally including medical doctors, psychiatrists, and psychologists. Responsibilities also included test scoring and interpretation, assisting in clinical interviews, and report writing. Commonly presented patient diagnoses included acquired neurological disorders including stroke and traumatic brain injury, dementia, epilepsy, affective disorders, substance abuse, pervasive developmental disorders, ADHD, and learning disabilities. Supervision consisted of weekly individual and group meetings and in vivo co-assessment.

**Center for Autism and Developmental Disabilities** August 2011-December 2011  
Las Vegas, NV Supervisor: Nicole Cavenagh, Ph.D.

Doctoral Practicum Student: Provided supervised individual therapy to children and adolescents diagnosed with pervasive developmental disorders. Primary theoretical approaches used were cognitive-behavioral and behavioral therapy. Also attended weekly one-on-one supervision sessions.

**Lewis M. Etkoff, Ph.D. and Associates** May 2010-May 2011; August 2011-December 2011  
Las Vegas, NV Supervisor: Lewis M. Etkoff, Ph.D.

Doctoral Practicum Student: Conducted neuropsychological and psychodiagnostic assessment of children, adolescents, and adults in a private practice setting. Cases seen were predominantly clinical child and adolescent, with referral sources generally including schools, pediatricians, parents, and therapists. Responsibilities included test administration and scoring, conducting partial clinical interviews and feedback sessions,

reviewing forensic records and summarizing medical reports, and writing integrated neuropsychological reports. A flexible neuropsychological battery approach was used, with commonly administered neuropsychological assessments. Commonly presented patient diagnoses included pervasive developmental disorders, anxiety disorders, affective disorders, substance abuse and dependence, oppositional defiant disorder, ADHD, learning disabilities, phonological disorder, and developmental coordination disorder. Supervision was comprised of individual meetings and frequent in vivo co-assessment. Also attended a weekly practicum seminar on campus, which included didactic training and clinical case conferences.

**Center for Individual, Couple, and Family Counseling**

August 2009–May 2010

University of Nevada, Las Vegas

Supervisor: Marta Meana, Ph.D.

Doctoral Practicum Student: Provided long-term individual therapy to a caseload of clients. Diagnoses included personality disorders, affective disorders, adjustment disorders, and schizophrenia. Primary theoretical approach used was integrative therapy. Supervision was comprised of weekly individual and small-group meetings utilizing case discussion and videotape review. Also attended a weekly practicum seminar on campus, which included didactic and clinical case conferences.

**Psychological Testing Clinic**

August 2009–May 2011

University of Nevada, Las Vegas

Supervisor: Michello Carro, Ph.D.

Doctoral Practicum Student: Conducted intakes, psychodiagnostic assessments, written reports, and feedback of adults presenting for learning and psychiatric disorders. Diagnoses included personality disorders, affective disorders, adjustment disorders, pervasive developmental disorders, ADHD, and learning disabilities.

**Child and Adolescent Diagnostic Assessment Program**

August 2007–May 2008

California State University, Northridge

Supervisor: Jean Elbert, Ph.D.

Master's Practicum Student: Conducted intakes and psychodiagnostic assessments of children and adolescents presenting for learning and psychiatric disorders.
